## About ADMEYERD Travel

Chad and Rhonda are excited to be joining the Sioux Empire Travel Team! As a family of 5, life can get pretty chaotic. The older our 3 children get the busier life seems to be. However we have felt it is important to make traveling a priority in our life as a family and a couple. Whether it's setting aside time for that special trip to make memories with the kids or the adults only trip for that one on one time every couple needs to stay connected. We would love to help you make the most of your time and take the stress out of planning so that you can just enjoy being in the moment.

## Personalize Your Vacation

Our goal is to make your vacation as stress free as possible. Going above and beyond to make sure your plans are set up for success. whether you are looking to head to an adult only trip or set out to make memories with your family, we will help make the planning and trip stress free.
